

Road Maintenance in your Area

Carriageway Post Treatment Ironworks

Queens Avenue & Queens Road, Snodland.

When we plan to carry out the work and how long it will take

This is to let you know that, as part of the on-going maintenance and improvement of the highway network, Kent County Council will be carrying out post treatment works to the carriageway **Queens Avenue and Queens Road, Snodland.**

These post treatment ironworks are programmed to start on the **22nd October 2024** and should take **3 days** to complete. These activities will be undertaken during a **working window** between **7am and 7pm.**

This type of work can be affected by bad weather, so if it is not possible for us to carry it out at this time, we will arrange a new date and let you know via a letter drop to your home. We will also put up signs along the road before we start showing the date we plan to start work.

During these essential works it will be necessary to close the road completely so that we can carry out the works safely for both the workforce and road users. Due to the current 'One-way' system in place it will be necessary to close the carriageway and install the following diversions at various times.

1. Queens Road – Whole Length – The diversion will be via Waghorn Road the High Street and Queens Avenue.
2. Queens Avenue – Between The High Street and Holborough Road - The diversion will be via Waghorn Road and the High Street. (The 'One Way' order will be suspended, and traffic controlled by Stop & Go traffic management).

What we plan to do

Following on from our road surface treatment earlier in the year we will now be returning to raise any ironwork and ensure that it is level with the new surface. The raising of ironwork requires completion after the new surface is laid, as undertaking this activity prior to surfacing can compromise the works and result in the gullies and manholes not being level with the new surface. Our works detailed in this notification will ensure that the ironwork is raised to the correct level and compliment the recent surfacing works.

How you can help

It is inevitable that residents and businesses near the works will experience some disruption, but we will try to keep these to a minimum. Any pavements will remain open at all times, but vehicle access to properties will need to be restricted for a short period while work is carried out in front of each property. If you have any particular access needs, please let the workforce on site know.

If your vehicle is usually parked on the carriageway, please make sure you park it somewhere else away from the site whilst the works are carried out, so the road is clear for us to complete these works activities.

We need your help to make sure the work is done as quickly as possible and to the best possible quality.

How to contact us

If you need more information, you can visit our website www.kent.gov.uk/highways to find out how we look after the roads throughout Kent or report any faults you find on our roads. Alternatively, you can call us on **03000 41 81 81.**

For your safety and the safety of our workforce, please drive carefully and slowly through the roadworks.

WARNING – Beware Bogus Callers

Kent County Council Highways, Transportation and Waste do not allow works to be carried out on private properties. If anyone says they are working for us or our specialist contractors and offer to carry out any work for cash they should be treated with caution. We advise you to contact Citizen's Advice on 03444 111 444 (Monday to Friday 9.00am to 5.00pm)
